PHOTOGRAPHY

WWW.AWAKENIMAGES.CO.UK

Welcome

Hello! And thanks for downloading our brochure.
We are Matt & John and would like to give you
a brief insight into our wedding photography.

With our approach you always get two
photographers, blending experience
with modern techniques.

Our ethos is to make you feel as relaxed
and comfortable with us as possible.
Our pre wedding meetings are arranged at our local pub
so we can casually chat and get to know each other.
We run through your day making sure
we don't miss the special details!

Equally if you'd like to meet us for a drink before you
book and sample our albums, please feel free to
call us and discuss your specific requirements!

Our Approach

Our unique approach means you always get 2 photographers.
Allowing us to include shots other photographers
do not get - a mix of formal shots and candid.

At awaken Images we recognise all couples are different.
We are not rigid in our approach and will tailor our services to suit you,
so that we capture memories which will last a lifetime,
from your special day.

We feel really privileged to be invited to share your special day with you.
We try to be as unobtrusive as possible (until it comes to rounding up the
family for the formal shots of course!)

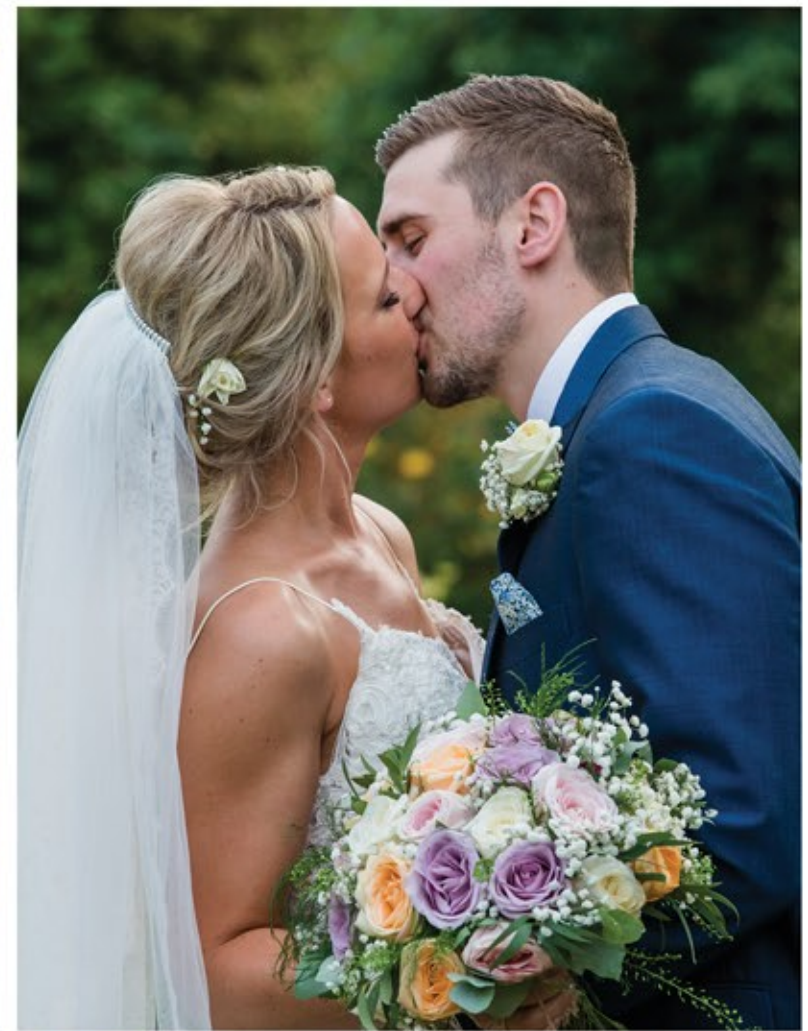

We also invite you to have a pre wedding meeting with us,
have a drink or coffee and get to know us,
whilst we plan and discuss your special day.

Book us as your photographers and you can relax and enjoy the day,
safe in the knowledge that we will capture those special moments
which you can look back on again and again.

On your wedding day when it comes to romantics we encourage you to
take atleast half an hour out - to escape, to realise you really are married
and to have some time together.

At the same time we will take some photos. We play some games and give
you prompts and capture what we call 'unposed photos' so you can have
some fun and time together.

Full Day Package

Full Day Package £995

If you want to record every moment of your special day then this is the package for you.

We will capture your wedding from getting ready up to your first dance as Husband & Wife. Details of this package:

- We invite you to have a pre wedding meeting with us to discuss your special day.
- We will arrive at the location where the bride is getting ready before the ceremony begins to take images of the bride and bridesmaids getting ready. As a rough rule of thumb this will be about 2 hours before the ceremony starts.
- We will take images at the ceremony location as guests and the groom/groomsmen and the bride/bridesmaids as they arrive.
- Images throughout the ceremony.
- After the ceremony formal shots of wedding party, family and friends etc...
 - Some romantic shots of the happy couple.
- Photos of the speeches (no matter how embarrassing these may be!)
- We will remain at the reception to take images until your first dance as husband and wife.

Afterwards

- You will have access to our online gallery for your guests to purchase prints and for you to select your favourite images. Typically 600-900 edited photos will be placed on our online gallery. You will receive:
 - A usb box "album" containing up to 400 fully edited images with a licence allowing you to print images for your own personal use.

Ultimate Photography

Ultimate Package £1495

If you want to record every moment of your special day, have all images (excluding the blinkers) plus all the bells and whistles, Including an album! This is the package for you.

We will capture your wedding from getting ready up to your first dance as Husband & Wife. Details of this package:

- We invite you to have a pre-wedding meeting with us to discuss your special day.
- We will arrive at the location where the bride is getting ready before the ceremony begins to take images of the bride and bridesmaids getting ready. As a rough rule of thumb this will be about 2 hours before the ceremony starts.
- We will take images at the ceremony location as guests and the groom/groomsmen and the bride/bridesmaids as they arrive.
- After the ceremony formal shots of wedding party, family and friends etc...
 - Romantic shots of the happy couple.
- We will remain at the reception to take images until your first dance as husband and wife.
- Free Drone images, pending location approval & weather.

Afterwards

- Your guests will have access to our online gallery, where they will be able to download any of your pictures, which are at a suitable quality for social media!
- You will receive a 36 page A3 Photo lay flat album with around 80-90 of your selected images.
(You can always upgrade to leather, extra pages etc.)
- Along with all images at full resolution, on a USB that are featured on our online gallery, with a licence allowing you to print images for your own personal use.

- 2 print per visit - 1 for your book and 1 for your guests
- Wide range of props
- Online gallery & digital download of all photos
- Personalised print layout
- Social media share, Facebook album
- 100 key ring favours

Video

Introducing our new Photography & Video options.
We LOVE photography, but if you want to bring your wedding day to life
we now offer highlight videos
with our wedding photography packages.

Primarily how we operate, as there is two of us,
John focuses purely on capturing all your photography!
Matt usually has 2-3 cameras when we do photography & Video packages.
Matt will have two cameras dedicated to video whilst still flicking between
photo and video on the third camera giving you what we believe to be the
best of both worlds!

We offer two video packages, a 'highlight video' usually 5-10 minutes long
which allows us to capture more photos.
This starts at £795

Or our latest and more popular package being a highlight video
+ ceremony and speeches.
This can typically be between 25-40 minutes.
This starts at £1195

But we give big discounts when you combine this with our
wedding photography package.

We do also offer Rachel as our additional shooter to work in harmony with
us if you still wanted two dedicated photographers
and one dedicated videographer.

Albums + USB's

Although we are photographers, not album salesmen, we recognise many brides (and their parents) like to have an album as a keep sake. If you want to organise this yourself then you are welcome to do so. BUT if you would like us to design and order this on your behalf, we are equally happy to do so.

Our albums are hand made to order by our suppliers in Germany who do an exceptional job with their finish and quality, which is why we use no one else. Our albums are proofed before printing and will not be printed until you are 100% happy to proceed.

The A3 lay-flat albums come in a range of colours and finishes. The A3 albums we recommend fit 60-80 images from your day. Also available are our smaller A4 lay flat photobooks. These are ideal if you are looking to save space or for parents to have as a memento of your special day.

Prices for the A3 lay flat album start at £250.
With prices for the A4 photobook start at £100.

USB Album:
ALL your images on a USB for £300

If you want to design your own album or simply want all your photos. With this USB you have an unlimited licence so if you want to help spread costs with parents for example and buy your own albums prints etc This is for you

To reserve your date,
