Matt

John

# Hello

## We're Matt & John

We're a father & son duo specialising in all things camera!

We would describe our style as documentary with a twist. We still do all the formal shots you and your families expect.

But we try and be as natural as possible, only providing hints & tips if opportunities present themselves.

We actively encourage you to get to know us so you feel comfortable on your wedding day.

During the enquiry stage we're happy to meet at our local pub and have a drink and run through your wedding day (or zoom if that's more convenient!)

All our packages include a free engagement shoot in our local area, so you can also have a practice being in front of the camera.

And when it comes to being in front of the camera we know everyone usually hates it!

So we developed a system called unposed.

We put you into positions so you're not completely free wheeling! But then give you prompts and get you to laugh and interact with each other, so all we're doing is capturing your natural reactions rather than fake smiles!

# Packages

- Plus a 20 page A4 acrylic album
- Personalised and password protected online gallery
- All images on our branded USB

# Video

*According to recent wedding surveys, not having a video made of the day, was one of the things most couples regretted.*

*We offer 2 video packages, the most popular is our highlight video, it varies in time but a typical highlight video is around 10 minutes, capturing all your best bits from bridal prep to your first dance.*

*For personal use we ask you to pick 3 of your favourite songs,  
or we can find royalty free music if you wish to make your video more public.*

**Highlight video: £795 (or £595 if you book any photo experience)**

*With the 'Full video' your video is a highlight video of your day with your ceremony and your speeches in full length.*

*We still ask you to pick music for your highlight sections of the video.*

*Then on your wedding day we mic you up to capture your vows and speeches.*

**Full video: £1195 (or £995 if you book any photo experience)**

# Glitter Booth

## DIGITAL GLITTER POD - £295

The digital pod is our dslr pod with or without a background. You and your guests will have a QR code on the day with a link to download all your photos digitally in full quality & of course a box of props is included. Perfect to leave for guests to amuse themselves!

## PRINT GLITTER POD - FROM £395

Our Photo pod features a touch screen with a proper DSLR camera to get great quality photos! Our super quick printer prints out 2 strip style photos. A glitter backdrop is included with the option of Gold, silver, blue, black, rose gold and red.

## PRINT ENCLOSED BOOTH - £595

If you're after a more classic booth feel we have our enclosed booth! Just like our pod it features a touch screen, 2 prints per visit and dslr camera with a side curtain choice of blue, black, gold, silver and rose gold

## WHAT DO I GET IN THE PRINT PACKAGES?

In the Print packages a personalised guest book is included, plus 50 key rings! You and your guests receive 2 prints per visit. The idea is one copy goes in your guest book for you to keep and your guests keep the other. They can either keep that copy, or we can cut out the print and place it in their keyring - so they're great for favours!

## WHAT ELSE?

An attendant is included in your hire to make sure your book gets filled with all those photos!

Props will of course be provided.

No cap on the number of prints.

Free delivery within 40 miles of Bury St Edmunds.

Personalised and password protected gallery.

Plus a massive choice of templates with your name and date!

# Albums

*Although we are photographers, not album salesmen,  
we recognise many brides (and their parents)  
like to have an album as a keep sake.  
If you want to organise this yourself then you are welcome to do so.  
BUT if you would like us to design and order this on your behalf,  
we are equally happy to do so.*

*Our albums are hand made to order by our suppliers in Germany  
who do an exceptional job  
with their finish and quality, which is why we use no one else.  
Our albums are proofed before printing and will not be printed  
until you are 100% happy to proceed.*

*The A4 lay-flat albums come in a range of colours and finishes.  
Our favourite is the A4 acrylic album.  
But this is also available with a leather front cover.  
We recommend 40 pages which fit 40-50 images from your day.  
There are many more sizes we offer.  
Feel free to talk to us for a bespoke album.*

*Prices for the A4 photobook start at £100.  
Prices for the A3 lay flat album start at £250.*
